Mr. C. M. Nield Replies to Mr. Vermer.

EDITORS REVERE COURIER: Referring to Mr. Vermer's somewhat rambling letter of last week, I desire to state that I am as good as his word. I will certainly have to kneel to the grand jury, and I will state that it would be well for him to take that humble attitude to offer an apology for the gratuitous insults and slanders at the grand jury in the letter referred to. I take it that it would be in his best taste for me to presume to defend the action of the grand jury as it was for Mr. Vermer to attack it. I will simply state that the letter in which the president of the grand jury was made by me and amended at the suggestion of various members of that body, until the amendment met with unanimous approval. Mr. Stribling's report is published in the paper and for that alone is he responsible. Mr. Vermer, to my mind, is now doubly culpable in that he has placed the grand jury in a position in which it cannot liquidate its honest debts, but gloried in his error. Now, Messrs. Editors, I am no politician or office seeker and merely write this from a sense of justice to my fellow-members of the grand jury.

Yours, respectfully,
C. M. NIELD.

The victories of Hood's Sarsaparilla over all forms of disease conclusively prove that it is an unequalled blood purifier, it conquers the demon, Scrofula, Relieves the itching and burning of salt rheumatism, cures running sores, ulcers, boils, pimples, and every other form of humor or disease originating in impure blood. The cures by Hood's Sarsaparilla are cures—absolute, permanent, perfect cures. They are based upon its great power to purify and enrich the blood.

The American Fire Insurance Company has made arrangements through its agent at Walhalla, S. C., to insure cotton against loss or damage by fire to the full cash value, at the local rate of interest in the State. The only condition is: That the farmer pile his cotton two hundred feet from exposed buildings.

The "Pleasant Pains" gently stimulate and invigorate the liver to throw off biliousness, and tone up the stomach to secrete the digestive juices, and overcome indigestion. The entire digestive or alimentary tract is put in motion in the regular, steady way of nature and health. This is what makes the "Pleasant Pains" so immensely superior to the numerous purging pills which wrack and weaken the system. Druggists may get more profit out of those other pills but you don't.

The farmer wants his money on the spot for his cotton, hay, corn, beef, etc., and stays by you until he gets it. The merchant, the blacksmith, the lumber dealer, the bank and all having anything to sell, do the same. We pay cash for the paper, ink and labor on our weekly and monthly bills. We are not a consideration, and we feel sure that our reflecting patrons will recognize the application of the golden rule. We desire a continuance of their patronage and are giving them value for their money.

If you want to invest in collars, hardware, stoves, tinware, buggies, saddles, harness, &c., and get value received, go to F. H. Carter's, West Union, S. C.

How Pickens County Appears.

MESSRS. EDITORS: As it has been some time since we have given the COURIER any dots, we concluded to let its many readers hear from Pickens county again. Picking cotton is the order of the day. The report is that there is not going to be near as much cotton made this year as the farmers thought there would be. With a short crop and four cents a pound what is to become of the man who makes his bread by the sweat of his brow? "The way of the transgressor is hard." Surely the Lord meant those who raise cotton when he wrote that sentence.

The corn crop in this county is fine, that is the upland corn. Bottom corn is damaged more or less. Owing to so much rain a good deal of the fodder was left. Most of what was saved is damaged to some extent. There has been more hay saved in this county than was ever known before. Most of the farmers have begun to realize that they must begin at little things to accomplish big ones.

The Norris Cotton Mills are running day and night. They make a fine grade of goods. The superintendent says he has orders for their goods twelve months ahead. They have more hands to apply for work than they can accommodate. If one happens to leave and goes to some other factory, it is not long until he returns and wants to be taken back. The locality and salubrity, as well as many other advantages, of the Norris Cotton Mills, are such as to entice employees of other factories to come here.

The election is over and Pickens county is satisfied with the result. So far as the State officers are concerned are got all the men of her choice except Hon. D. H. Tompkins and Mr. E. M. Blythe, and we are glad to note that the gentlemen who defeated those two aspirants will make worthy and efficient officers.

We think the result of the last election will go to show that the voters of Pickens county are capable of judging for themselves whenever it comes to filling the county offices. We will be represented in the Senate by Hon. W. T. Bowen. Mr. Bowen is too well known to the intelligent and erudite people of Oconee county to speak of his competency. Several years ago he represented Pickens county in the Lower House of the General Assembly. He did much for the upbuilding of his county and left a record for himself that has won him

What Shall Be Done FOR THE DELICATE GIRL.

You have tried iron and other tonics. But she keeps pale and thin. Her sallow complexion worries you. Perhaps she has a little hacking cough also. Her head aches; and she cannot study. Give her

Scott's Emulsion
The oil will feed her wasting body; the glycerine will soothe her cough, and the hypophosphites will give new power and vigor to her nerves and brain.

many friends since. He also represented his county in the Constitutional Convention and made a record that Pickens county will always be proud of.

We will be represented in the Lower House for the next two years by C. E. Robinson, Esq., and Hon. Laban Mauldin. Mr. Robinson is a lawyer of wide experience and a man that has the welfare of his country at heart. He is a Pickens county boy and we would be glad to see him reach the top round.

Mr. Mauldin is an old horse. Pickens county has had him in harness before, and that he never balked while at the capital is proven by sending him back after a rest of four years.

Messrs. Bowen, Robinson and Mauldin are men who will stand flat-footed on whatever they advocate. J. B. Newberry was elected to the office of Judge of Probate, which, we believe, makes him the servant of the people in that office for twenty years.

J. T. Youngblood was re-elected County Treasurer, which makes ten years for him. He has made a faithful and efficient officer.

Auditor Mr. A. S. Hunt. Mr. Christopher has served the people for four years. He has made a good Auditor. Mr. Hunt is a young man of high standing and his competency is undoubted.

Dr. Riley was succeeded by Prof. W. W. F. Bright for County Superintendent of Education. The retiring officer, Dr. Riley, has done much for the upbuilding of the schools in this county.

With best wishes for the COURIER, and after asking its editors to excuse a lengthy communication, we will close.

Catechism, S. C., Sept. 29, 1898.

Sunshine comes, no matter how dark the clouds are, when the woman, who is born down by woman troubles, turns to Dr. Pierce's Favorite Prescription. If her life is made gloomy by the chronic weaknesses, delicate derangements, and painful discharges, which afflict her sex, they are completely cured. If she is overworked, nervous, or "run-down," she has new life and strength. "Favorite" is a powerful, invigorating tonic and a soothing and strengthening nerve, purely vegetable, perfectly harmless. It regulates and promotes all the proper functions of womanhood, improves digestion, enriches the blood, dispels aches and pains, brings refreshing sleep, and restores health and vigor.

Teddy Gets There.

On Tuesday, at Saratoga Springs, the Hon. Theodore Roosevelt received the Republican nomination for Governor of New York by a vote of 763 against 218 for his opponent, Black. "Teddy" will now have an opportunity to ring in his Rough Rider qualities in building his Democratic opponent.

Thomas F. Bayard Dies at Dedham. DEDHAM, MASS., September 28.—The Hon. Thomas F. Bayard died at 4.30 this afternoon. Mr. Bayard was Secretary of State under Cleveland's first administration and was under Cleveland's last administration Ambassador to the Court of St. James. Mr. Bayard was a distinguished statesman and Democrat.

The people of Horry feel justly proud of the election of Hon. John P. Derham to the office of Comptroller General of South Carolina. We were confident from the first that he would succeed, and now that in a hotly contested election case he has been declared the choice of the people, we repeat that we are justly proud. We tender our thanks to the voters of South Carolina for standing so nobly for the Horry man. Mr. Derham is able, courteous and conscientious, and we have no doubt but that he will fill the high office with which he has been honored with satisfaction to his constituency and credit to himself.—Horry Herald.

STRENGTH COMPARED WITH WEAKNESS.

HOW the weak, sickly man envies his more fortunate neighbor, with his healthy physique and muscular development. There is all the difference imaginable between the two. One enjoys life; he is in a position to make the most of his opportunities. The other drags himself along, day after day, battling with life, enjoying none of its pleasures and advantages. So it is with Drugs and Medicines—the one pure and fresh, helps man on towards health. The other, old, degraded and impure, not only does not help him, but proves injurious. Pure, Fresh Medicine is one thing above all others that is needed in the sick room. I only handle such Drugs and Chemicals as I know are absolutely pure and fresh. I invite your patronage.
